**Please find below and/or attached an Office communication concerning this application or proceeding.**

The time period for reply, if any, is set in the attached communication.

***Response to Arguments***

1. The amendment filed April 2, 2008 will not be entered because it raises new issues which would require further search and/or consideration. For instance, claim 1 previously called for a weight coefficient. The newly amended claim 1 is more specific as it calls for a plurality of weight coefficients, and further specifies that the coefficients are in correspondence with pixel positions in the input image.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ALBERT H. CUTLER whose telephone number is (571)270-1460. The examiner can normally be reached on Mon-Thu (9:00-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tuan V Ho can be reached on (571)-272-7365. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
